PINK CUSHION—A One-Year-Old Plant

Well Advertised
Early and Profuse Bloomer

Hardy Anywhere
Positively Satisfactory

This beautiful Hardy Chrysanthemum is a true sensation among the newer and better perennials. It is perfectly hardy anywhere; grows rapidly, forming a large, compact, round bush, completely covered with hundreds of full double, clear pink with tiny yellow center, perfect Chrysanthemum blooms from July until fall. It can be planted anywhere in the garden with most pleasing effect, in solid beds or solid hedges, which is most unusual for a hardy perennial.
